# REBEL TALENT SYSTEMS

Embedded talent leadership and RPO for defense contractors and government technology companies.

## CAPABILITY STATEMENT

CAGE 202V6 · UEI JQ4MZ69FNAK4

## COMPANY OVERVIEW

Rebel Talent Systems builds and runs hiring engines for defense contractors, government technology companies, and venture-backed firms selling into the federal market. We embed senior recruiting leadership inside client teams, stand up the process behind it, and deliver cleared technical, business development, and corporate hires. Founder-led delivery backed by 14 years in recruiting and PMP-certified program management.

## CORE COMPETENCIES

**Embedded Talent Leadership**
Fractional Head of Talent inside your team. Hiring plans, process, and hiring manager coaching.

**Recruitment Process Outsourcing**
Full-cycle or surge recruiting capacity scaled to contract awards and program ramps.

**Cleared Technical Recruiting**
Secret through TS/SCI with CI and full scope polygraph. Engineering, DevOps, network, systems, and cyber threat intelligence.

**BD and Growth Team Builds**
BD, sales engineering, and partnership leaders with IC, COCOM, and military service networks.

**Contract and Contract-to-Hire**
W-2 contract labor with funded payroll and flexible conversion terms.

**Recruiting Infrastructure**
Job architecture, structured interviews, scorecards, ATS and sourcing systems.

## RECENT PAST PERFORMANCE

**EarthDaily Federal** — Embedded Head of Talent · 2025 to present

Built the growth organization from the top down: VP of Growth, Sr. Director of Strategic Partnerships, Senior BD Manager (IC), and Sales Engineer (Federal Geospatial), then expanded into technical, product, and finance hiring. **11 placements, about $394K in agency fees avoided, a 3.4x return, and a 30 to 40 day average time to fill.** The client kept the ATS, job architecture, structured interviews, and scorecards.

**Waveguide** — Cleared pipelines · 2025 to present

Ongoing cleared recruiting for programs in the Chantilly and Fort Meade corridors: DevOps, Linux and SRE, and network engineering at TS/SCI with CI and full scope polygraph.

**AI Companies Building for Government** — Federal team hires · 2025 to present

Forward Deployed Engineers for U.S. Government customers, plus AI/ML and go-to-market hires for federal teams.

**Hyper-Niche Cleared Seats** — Specialized fills · 2025 to present

Cyber threat intelligence analysts and systems scientists: seats with a small, cleared candidate pool that general agencies struggle to source.

## COMPANY DATA

## DIFFERENTIATORS

A senior operator on every engagement, not an account manager.

Cleared technical and growth hiring delivered by one team.

Six recruiters on roster, scalable to twelve trained operators on demand for surge.

AI-native sourcing platform built and run in-house. It sourced 6 of our last 7 booked interviews.

Documented process that stays with the client.

Inbound reach through a 55K professional network and a 9,500-subscriber talent newsletter.
